PROJECTS

MERN Personal Portfolio | React, Express.js, MongoDB, Mongoose | In development

- Implemented a responsive React portfolio with routing, theme switching, project filters and animated sections.
- Built validated contact API and PDF/DOCX download routes; passed API tests. Live database integration and public deployment remain in progress.

Sentinel Endpoint Monitoring | Python, Scikit-learn, SQLite | Academic prototype

- Developing agent-to-server telemetry collection for CPU, memory, processes and network activity.
- Combining rule-based alerts and Isolation Forest anomaly detection to support centralized monitoring.

Adaptive Physics AI Tutor | Python, LLMs | In development

- Developing a physics practice tool using structured question data, model-generated feedback and concept-focused revision; exploring retrieval-augmented generation and LoRA fine-tuning.

UniShare Hub | React.js, JavaScript, HTML, CSS, MySQL | Sep - Nov 2024

- Built a platform for uploading, rating and discovering academic resources; delivered independently in 10 weeks and achieved adoption across 3+ departments.

EXPERIENCE

Field Sales and Distribution Lead | Ashoka Pvt. Ltd. | Jan 2026 - Present
